WEEK 3
2026

WHAT I LOVE ABOUT GRADE 1/2

Adam 1/2C

Its really fun. We get to do fun stuff like maths. We get more free writing time, and Claudia has been helping me with my hand writing!

Sadie 1/2A

I love all of the lessons in grade 1/2. I like doing school swimming and all the fun stuff thats happening at school like pyjama day!

Ngaio 1/2D

I love doing Art, Mandarin and STEAM. I like doing the fun maths lessons. Oh! And swimming!

SCHOOL ACTIVITIES

1 PYJAMA DAY

Last week we had a busy Friday celebrating pyjama day to raise money for the guide dogs. We also farewelled Mr Langford at assembly. It was a big day!

2 Swimming

We also started swimming lessons this week. It's been super busy, but we're having such a great time. Next week we will have a water safety day and need to bring a t-shirt and shorts for over our bathers.

MATHS IS FUN!

We are learning all about location in maths at the moment. We're using precise language like left, right, clockwise and anticlockwise to make turns, and forwards and backwards to describe the movement. We're also giving and following instructions, and follow pathways.

We even got the robots to follow our instructions!

We sat back to back and gave each other instructions to draw a picture. Some of the results were funny to see!
